PowerGard™ Protection Plan

Extended warranty protection for John Deere precision ag components

Buy with confidence and peace of mind

Now you can purchase new John Deere precision ag components* with more confidence than ever. The PowerGard Protection Plan offers valuable extended warranty coverage to protect you from unforeseen future repair bills and to help you increase overall uptime.

- **PowerGard delivers the protection you need**
  The PowerGard Protection Plan offers comprehensive coverage (full component) for new John Deere precision ag components, such as receivers, processors, and displays.
- **Choose your terms**
  Extend your warranty protection to 24 or 36 total months. Choose the terms that fit your individual needs, depending on how long you plan to own your equipment.
- **No pre-approval of claims necessary**
  Call or visit any authorized John Deere dealership for service.
- **Replaced or repaired with genuine John Deere components**
  We'll fix it right, using only OEM parts.
- **Increase the value of your equipment when you sell or trade**
  Any remaining PowerGard coverage is fully transferable to a new owner, with no transfer fee.
- **Finance at time of precision ag component purchase**
  PowerGard can be financed along with the purchase of precision ag components.

* The PowerGard Protection Plan for new precision ag components does not cover the following items: precision ag software in the original unit; wiring harnesses; external devices; software accessories/options; hardware accessories/options; maintenance and high-wear items; or attachments.

PowerGard™ Protection Plan

Extended warranty protection for John Deere precision ag components

JOHN DEERE

Which precision ag components qualify for the PowerGard Protection Plan?

All new John Deere receivers, displays, and mobile processors are eligible.

Purchase Intervals: You can purchase a PowerGard plan anytime up to 95 days from the date of delivery of the new component and start of the John Deere basic warranty, for the lowest possible price. The PowerGard Protection Plan is not available for purchase after the 95 days.

What does the PowerGard Protection Plan cover?

Coverage for new precision ag components: All main parts and subcomponents of new John Deere precision ag main components are covered for mechanical breakdown caused by a defect, due to faulty materials, or original workmanship.

Coverage limits: Each individual PowerGard contract on each covered component will pay up to one full replacement cost during the coverage period. This does not include any replacements or repairs covered within the 12-month basic warranty period.[1] The dollar limit, or "maximum cumulative recovery," on any precision ag component is the full list price of any replacement unit, excluding software costs.

Dealership labor: The work will be completed by John Deere dealer technicians.

Is there a deductible fee?

No! There is $0 deductible when a precision ag component is replaced or repaired under the PowerGard coverage term.

What coverage terms are available for new precision ag components?

All PowerGard Protection Plans for new, in-warranty units include the underlying basic warranty terms and can be extended to the following maximum coverage terms:

PowerGard Protection Extended Warranty for precision ag components (including 12-Month John Deere Basic Warranty)		
Total Months	24	36

[1] New John Deere precision ag components come with a standard basic warranty of 12 total months.

This brochure is not a contract. All protection plan coverage and benefits described herein are subject to the specific terms, conditions, and exclusions of the actual PowerGard Protection Plan Agreement. In the case of any discrepancies between this document and the Agreement, the Agreement terms prevail. Available in the U.S. and Canada.
