PowerGard™ Protection Plan

Extended warranty protection for new/used/pre-owned John Deere row-crop and 4WD tractors

JOHN DEERE

Which row-crop and 4WD tractors qualify for the PowerGard Protection Plan?

New tractors : All new John Deere 6R, 7R, 8R, and 9R Tractors qualify. When you buy a new tractor, you can purchase a PowerGard Plan anytime from the date of delivery up to 12 months or 1,000 engine hours, for the lowest possible price. After this interval, you can purchase PowerGard Protection anytime up to 24 months or 2,000 engine hours after the start of the John Deere basic warranty, for a surcharged rate.

Pre-Owned/Used: If you want to buy a Pre-Owned/Used PowerGard Protection Plan for your current tractor (or for a used unit purchased at a dealer), you can do so at any time. To be eligible for a Used plan, customer-owned tractors must be under 15 years old, have less than 5,000 hours, and pass an inspection and fluid analysis.

(Pre-owned tractors that are PowerGard Certified by your local John Deere dealer have been thoroughly inspected with a 100+ point check of all main components and have passed detailed fluid testing and analyses. Fluid testing not required on machines under 5 years and under 2,500 hours.)

What does the PowerGard Protection Plan cover?[1]

Both Limited and Comprehensive plans cover mechanical breakdown caused by a defective covered component, due to faulty materials, or original workmanship.

Comprehensive coverage : Main components of the full machine are covered.

Limited coverage: Main components of the engine and powertrain are covered.

What will my deductible be?

All PowerGard Plans for 6R, large-frame 7R, 8R, and 9R Tractors, regardless of coverage terms, offer deductibles ranging from $250 to $5,000 so machine owners have the flexibility to meet their specific needs.
